[DRAFT Response Letter to Town and County 04142015.docx](#)

Hi, Steve.

Attached is a copy of the letter. I don't have a clean copy, so please ignore my scribbles. Also attached are my policy questions and a draft response to the letter Liz put together with my comments/edits.

Please let me know if you have any questions or would like more info.

Hi Cynthia - I'm working from home today and don't have access to the "I" drive. Could you send me your list of questions? Also, I was out of the office yesterday and haven't yet seen the letter from the City/County. If you have a copy you could forward, that would be great.

Thanks,

Steve

Subject: Policy questions

Hi, All.

As we are preparing to respond to the Silverton/San Juan County letter, I keep bumping up against policy questions for which we don't seem to have final answers. I've started a partial list of these questions that I thought we might bring to Martin and/or Shaun. They are on the I:drive. <I:\Restricted Share\Upper Animas\Community Involvement\Policy questions.docx>
